

I respectfully ask that you don't weaken Wisconsin's No Call List for telemarketers. Since I signed-up my telephone has stopped ringing while my family and I are eating dinner...reading...sleeping...etc. It's made our lives a lot more pleasant and it's because of the Do Not Call list. Please allow Wisconsin to leave it the way it is. Based on the tremendous popularity of the list I'm sure I'm not alone in my feelings. Thank you!
